CAVEAU SAVOYARD

GAMAY ROSÉ 2018

CAVEAU SAVOYARD || Caveau Savoyard was founded in 1853, currently run by the seventh generation of the Perrier family. The domaine has slowly expanded over the generations, and today is the largest estate vineyard in the region with 62 hectares of vines. Vineyard work is sustainable; grapes are hand-harvested and gently vinified in stainless steel tanks.

SAVOIE || Located in the foothills of the Alps, Savoie neighbors Jura (north), Switzerland (east), and Bugey (west across the Rhône). Most vineyards are planted between 800-1800 feet - despite the elevation (and alpine environment), southern sun exposure and the moderating effects of nearby rivers and lakes create a warmer microclimate. The region spans just under 5,000 acres (2000 ha) and is dominated by limestone soils, but there is quite a bit of diversity across the small appellation.

GAMAY 2017 ||

BLEND | 100% Gamay

VINEYARDS | From the villages of Jongieux and Billième in the Combe de Savoie - 50 year old vines on argilo-calcaire soils at 400 meters elevation.

WINEMAKING | Hand harvested and vinified direct to press after a few hours of skin contact. Primary and malolactic fermentation in stainless steel tanks.

ALCOHOL | 12%

TASTING NOTES |

A delicate rosé with aromas and flavors of red fruits (currents, cherries), pineapple and citrus, white flowers, and herbs de Provence. The tonic, harmonious notes of minerality and crisp fruit reflects the granite and limestone slopes of the Alps.
